## God is a joyful Father

You were made for intimacy with your Creator, who is Himself a joyful Father. Come learn how this reality can transform your life and bring you to a place of happy holiness and continual prayer. When we find our hearts satisfied in Him, He is glorified, and we're best suited to intercede for families, regions, cities and even nations to be transformed by the Kingdom of God. History truly belongs to the intercessors!

**Paul Rumore** travels speaking on joyful intimacy with God, intercession, revival, eschatology, and identity in Christ. At 12 years old, he yielded his life fully to the game of basketball. Despite his success and recognition for his athletic ability, by age 18 he found himself depressed and suicidal—until He was rescued from a near-suicide attempt by Jesus Christ.

Paul soon gave his life to know God and make Him known with even greater tenacity than he even gave to basketball, and he loves to help others experience the same joy that he's been given. He has authored a book about his life story, *"Obsession, Depression & Resurrection."* He serves on staff with Philadelphia Tabernacle of David and lives with his amazing wife, Nicole, and their son, Josiah.
